

## St. Gerard's Catholic Primary and Nursery School

The School Improvement Plan for Raising Teaching and Learning is what we use for continually improving St Gerard's Catholic Primary and Nursery School. It is reviewed regularly at staff and governing body meetings and progress alongside development targets are monitored closely.

<u>Development Area</u>	<u>Details</u>
Achievement and Standards Quality of teaching	We want to ensure that all children are given the opportunities to write in different subjects across the curriculum especially the boys so that everyone is making better progress and achieving their targets.
Leadership and Management	We want to make sure that our subject leaders are developed even further so that they have a better understanding of progress in their subject area and ensure the children learn new skills.
Behaviour and Safety	We want to ensure that attendance remains a priority throughout the school and that we continue to ensure <u>all</u> children attend school as much as possible.
Quality of provision in Early Years	We want to make sure that all children try their best and achieve what is expected of them at the end of their Reception year.
