

# St Gerard's Catholic Primary and Nursery School

## Sports Premium 2019-2020

# **Sports Premium 2019-2020**

## **Physical Education Pupil Funding**

The Government has provided all schools with funding for P.E. to enhance the teaching and learning of Physical Education and so educate and encourage children to be fit and healthy. Our school has received £10,354 for this financial year. Sports Premium funding is allocated annually to schools for specific spending on raising the standards within PE/sport teaching and learning, as well as giving more children increased opportunities to participate. The funding is ring-fenced and therefore can only be spent on the provision of PE and sports in schools. Schools must spend the additional funding on improving their provision of PE and sports, but they have the freedom to choose how they do this.

## **Our Vision for PE and Sports in St Gerard's**

- To improve the provision in PE and sport within the school's curriculum for Physical Education.
- To improve the level of PE being taught within the school to correlate to the current curriculum.
- To increase participation for all pupils.
- To increase the opportunities for pupils who have low participation rates such as EAL/SEND.
- To improve and raise the standards of PE across all areas of the school.
- To have trained Sports Coaches who can deliver outstanding PE lessons and extra-curricular clubs.

## **How the money will be spent in relation to our school vision for PE and Sport**

- Training staff in teaching outstanding and inclusive PE lessons.
- Updating staff on the curriculum.
- Buying new PE resources.
- Running after school clubs to encourage more children to take part in sports.

- Provide more opportunities for children to take part in competitive sports through links with the WPSSA.

### **Sports Premium 2019-2020**

- Focus on improving the health and fitness of our children.
- Provide leadership opportunities for our children.
- Providing adequate transport for pupils to participate in competitions and sports sessions.
- By appointing a Sports Coach to drive our vision forward.

### **Swimming**

Swimming is part of the National Curriculum. Before leaving our school, it is expected that they are able to meet the following objectives:

- Perform safe self-rescue in different water based situations.
- Swim competently, confidently and proficiently over a distance of **at least** 25 metres.
- Use a range of stroke effectively, for example, front crawl, backstroke and breaststroke.

At St Gerard's, all children in KS1 and KS2 go swimming. Those who are able to swim also have the opportunity to take part in local swimming competitions. These extra-sessions are subsidised by the sports funding the school receives.

In 2019, 82% of Year 6 children were able to confidently swim a distance of at least 25 metres.

### **Tri-Golf**

Also through our sports funding, children will be given the opportunity to take part in weekly Tri-Golf sessions delivered by Sports Coaching North West. It will offer children their first introduction to golf at school in a fun and energetic way. Within the sessions, children will be taught key skills related to the sport. The sport also promotes life skills including co-operation, concentration and good sportsmanship.

The programme gives our Sports Coach and other teachers the experience of working with a qualified coach and gives pupils the opportunity to receive high-level coaching from the company.

## **Athlete Visit**

During the summer term, our whole school will mark the 2020 Tokyo Olympics by studying it as a whole school topic. During this time, children will be visited by a GB athlete. Children will receive a presentation from the athlete as well as take part in PE lessons with them. This is a fantastic opportunity for children to see the impact of sports in a real life context. From the athlete's visit, children will see the importance of dedication and commitment, as well as hard work when taking part in sports. They will also learn different skills from the activities that they undertake throughout the day.

<u><b>Use of Funding</b></u>	<u><b>Cost</b></u>	<u><b>Intended Impact</b></u>
After-School Clubs	£2000	Children will be given the opportunity to practise specific skills and develop confidence in their own abilities. This has already proven to be an effective way of helping the children to be successful when competing against other schools.
Tri-Golf	£1040	Children will be taught a wide range of specific skills including putting and chipping. The sessions will also incorporate a range of life skills including sportsmanship, co-operation and concentration.
PE Kits (10 children)	£120	To ensure children's safety within PE lessons, 10 children will be provided with suitable attire in order to help the enjoy P.E. lessons and make sufficient progress within them.
WPSSA Subscriptions	£50	To collaborate with the Halton Sports Competition Manager and other Halton schools and increase participation levels in PE and Sport, and inter-school competitive sports.
Transport for Sporting Events	£320	To provide children with transport to allow them to compete in sporting activities

		outside of school.
GB Athlete Visit	£589	To enhance children's interest and enthusiasm within sports with a visit from a GB athlete during our 2020 Olympics topic. The visit is intended to inspire children as well as teach them new skills within a specific sport.
PE Resources	£1000	To provide a range of high quality equipment to be used in PE lessons and at break and lunch times to ensure children are staying active.
Quidditch Day	£430	To introduce children to new sports to encourage them to take up more sports and physical activities.
